

## ANPC Signs EMTE SISTEMAS as Reseller

**Hood River, Oregon (June 25, 2010)** - ANPC welcomes EMTE SISTEMAS as a Transponder Landing System (TLS) reseller in Spain. With Offices in Madrid, EMTE SISTEMAS has a long history in the design and execution of aeronautical projects with proven experience in the following areas:

- Communications systems for control towers and centers
- Radio aids for air traffic control: ILS, TACAN, DVOR, DME, NDB.
- HF, UHF and VHF communications centers
- Radars for approach and routes
- Precision guidance systems and visual aids
- Passenger Boarding Bridges (PBB) and equipments (400 Hz, PCA, VDGS)
- Multilateration Systems.
- Military Communications.
- Digital Recording Systems for audio, video and data
- VTS-Vessel Traffic Control Systems.

Their services include installation analysis and equipment maintenance as well as all other activities which enable them to offer turnkey systems.

Spanish aviation regulator AENA (Aeropuertos Españoles y Navegación Aérea - Spain) awarded contracts to EMTE SISTEMAS for delivery and installation of a Mode S Multilateration system to the Madrid-Barajas, Palma de Mallorca, Tenerife Norte, and Asturias airports. EMTE SISTEMAS has delivered and installed for AENA ILS/DME Systems (more than 100 units), DVOR / DME systems (more than 80 units), Ground/Ground Communications (17 airports), Ground/Air Communications (12 airports), PBB (4 airports), Precision Guidance Systems (15 airports) and Air Traffic Control (ATC) (2 airports).

Others contracts of EMTE SISTEMAS are: delivery and installation of Radomes for Radar (6 sites in Spain, OTAN bidding), Digital Recording Systems (4 heliports of Spanish Army).

EMTE SISTEMAS holds the ISO 9001 and PECAL/AQAP 2110 certificates for its quality management system, the ISO 14001 certificate for its environmental management system, and OHSAS 18001 for Occupational Health and Safety Management. EMTE is classified as a State Contractor Company and Consulting or Services Company and is also registered by the DGAM (Directorate for Arms and Materials) of the Spanish Ministry of Defense and is registered by US DoD Directorate of Defence Trade Control with K-2217 code. The EMTE SISTEMAS website is <http://www.emtesistemas.com>

### About ANPC

Based in Hood River, Oregon, Advanced Navigation and Positioning Corporation (ANPC) is the world's leading provider of an 'airfield-in-a-box' where a single infrastructure installation provides improved safety and economics of regional airports through increased overall air space capacity by providing all-weather

surveillance, non-visual approaches and air traffic management solutions to regional and municipal airports.

The ANPC airfield-in-a-box has been successfully installed where terrain, obstacles and radio frequency spectrum crowding eliminate other landing systems. More information is available at [anpc.com](http://anpc.com).
